Individual Project Version 2

Overview

- Task Management System
 - Users can create new entries for time management
 - Users can read previously entered time entries
 - Users can generate a report of their time usage for a specified date range.
 - Users can view a list of activities they spend the most time on.

Record Time Feature

- This Feature allows the user to input entries into the database.
- This is done by prompting the user for each bit of information.

```
Choose one of the following actions.

    Record time

Search tasks
Generate report
4. View Priorities
5. Exit
Enter your choice: 1
Enter date (YYYY-MM-DD or today): today
Enter start time (HH:MM AM/PM): 11:00 AM
Enter end time (HH:MM AM/PM): 11:45 AM
Enter task name: Create Images for PowerPoint
Enter task tag: Project
Data successfully inserted into the database.
```

Search Task Feature

- This feature allows the user to view previously inputted records.
- Required input is search option and string.
- Entire entry is printed if the query matches.

```
Choose one of the following actions.
1. Record time
Search tasks
3. Generate report
4. View Priorities
5. Exit
Enter your choice: 2
Search options:
1. Date of Task
2. Start Time of Task
3. End Time of Task
4. Task Name
5. Task Tag
Enter your choice: 5
Enter the Task Tag you want to search for: Project
Search Results:
    '2023-12-10', '11:00 AM', '11:45 AM', 'Create Images for PowerPoint', 'Project', '00:45')
```

Generate Report Feature

- This feature generates a report of user's time usage for a specified date range.
- Only input required is Start and End of Scope of Report

View Priorities Feature

- This feature generates a list of activities the user spends the most time on.
- No Input required other than selection.

```
Choose one of the following actions.
1. Record time
2. Search tasks
3. Generate report
4. View Priorities
5. Exit
Enter your choice: 4
Priority Activities:
        DURATION
  'Event', '03:41')
('Important', '01:20')
('Project', '00:45')
  test', '00:09')
```

Graceful Application Termination Option

```
Choose one of the following actions.
1. Record time
2. Search tasks
3. Generate report
4. View Priorities
5. Exit
Enter your choice: 5
```
